Righteousness exalts a nation: but sin is a reproach to any people. (Proverbs 14:34)

Why should an innocent child have to give their life for two other peoples mistakes?

If you are not ready for the responsibility then **don't** take the risk. **We believe that abortion is murder.**

If you are mature and responsible enough to make the decision and take the risk, then you should be mature enough to accept the consequences and at least try to give the child the best life possible. Abortion is simply selfish.

We think that you are taking life from something that deserves a chance. The second that the sperm meets the egg there is a chance for life and it should be treated as a live child from that point on.

We are pro-life and believe *abortion is unethical, immoral, and lastly but not least, murder!!*

Yours Sincerely

Mr Alan & Mrs Marion Gray - [REDACTED]
