I would like to express my opinion on abortion reform laws. I believe that every child has a right to live.

I believe that an unborn child is a human being from the time of conception and deserves to be protected.

It doesn't make sense that we would allow a healthy pregnancy to be terminated at the will of the mother while at the same time spending tens of thousands of dollars trying to prevent premature labor or keeping a premature baby alive. If a premature baby is worth saving how can a baby of the same gestation be killed and not considered a human.
