Subject: Abortion bill before Parliament
Date: Saturday, 25 June 2016 7:50:30 AM

Good morning,

I am writing to say that I oppose the bill before parliament which removes protection and provides no safeguards for abortion. I believe women are not well enough informed as it is about the long reaching effects of abortion on the rest of their lives. It should not be made even easier to get an abortion.

Kind regards,

Jenny Thorpe
