To whom it may concern,  
Good morning,  
I object to the abortion bill put forward by Rob Pyne.  
It puts in no protections, and removes all safeguards.  
This is a bill which in my view, legalises murder of infants , and is abhorrent.

If a baby was born normally, and then will fully killed by someone, it would be a crime.  
I see no difference between this or aborting it.

Thank you  
Jannie Foy
