Dear Sirs

I oppose this bill which removes all protections for both mothers and babies and puts in no safeguards. It is inhumane in light of the revelation that in the last year in Queensland at least 27 aborted babies have been left to die with no attention to their plight. What happened to the Hypocratic Oath.

It's a tragedy and a disgrace that this should be allowed to happen in our so-called enlightened times.

Please reject this bill in total.

Yours faithfully

Kaye Reichmann (Mrs)
