To whom it may concern:

Please note that I am strictly opposed to Mr Pyne's bill to change abortion law in Qld.

We do not need more death and destruction. Women are hurt by abortion. Babies are dying because women feel unsupported in pregnancy.

Only people who have a voice are in favour of this bill. Imagine if the mothers of Mr Pyne, Ms Trad or other pro-choice people had chosen to abort them before they had a voice? This may sound politically incorrect to say...but we were all people male or female even before we were born. Female babies are aborted more regularly worldwide, how is this pro-women?

Thank you,
Jana Mackie
