Dear committee,

I would like to draw to the attention of the committee the views of the Christian constituent of Queensland. The tax paying Christian constituent generally holds to the view of their guidance material, the bible.

The bible says that it is unlawful to kill another human. Many Christians hold the belief that the baby is a human from conception and therefore would oppose abortion as they consider it murder.

I have heard of reports in Queensland that late term abortions have resulted in the child taken out alive and left to die on a table. I am not sure how this is loving and caring for both the mother and baby.

We know of a friend who has had an abortion and she still has not got over it. She easily cries if things don't go her way and spends most of her time unhappy. It is sad to see her alone and unhappy when I compare her to loving happy mothers who have a joy which can only come from having a baby.

Can you please explore the future lives of women who have had abortions and see if they are better for it.

Thanks and regards,
Steven Gourlay
