Subject: Proposed changes to abortion law
Date: Sunday, 26 June 2016 4:11:39 PM

To whom it may concern, I wish to add my name to the list of concerned Australians who oppose the changes put forward by Mr Pyne. Aborting viable babies is barbaric and should be against the law in a civilized society. Support these pregnant women, encourage adoption if they are unable to keep the child, but please don't allow abortion after viability is reached. I oppose abortion at any stage, but even more after 20 weeks when survival of the infant is possible. Thanks. Denise Peterson (Mum, nurse and midwife.)
