My name is: Sandra Barker

My address is: [REDACTED]

I am totally against MP Rob Payne who has introduced the new QLD Bill and the Deputy Premier of Qld Jackie Trad who not only supports it , but belongs to the Emily's List.

How on earth could anyone be comfortable morally or spiritually agreeing to full term abortion.

There are so many couples who would like to adopt babies, why not promote that instead of aborting a living being no matter how many weeks gestation it is.

Yours faithfully,

Sandra Barker..
