Subject: Abortion law Reform Bill
Date: Sunday, 26 June 2016 8:11:51 PM

To Whom it may concern:

When a woman states that it is her body and she has the right to do what she wants with her body- what about the right of the unborn child to have a life with a choice like we have had!

Do we have the right to take away the life of another human being (the unborn child)?

Further extending these rights according to this bill would be irresponsible & dangerous.

Who is prepared to say "sorry" to these murdered children ?.

For one day we will have to answer this question, same as we did to the Stolen Generation with Sorry Day.

If we have learned anything from this Sorry Day, we will not legislate any further to take any more children's lives.

Stand up & say No to this legislation and show we have learned to respect life.
