wish to convey my strongest disapproval for this obscene Bill. I beg you, please do not approve what amounts to Infanticide. Abortion in any form is a tragedy but to approve abortion on demand to full term is no longer an aborted pregnancy as the pregnancy has been allowed to progress as opposed to having been terminated during the first trimester. This bill is an Infanticide Approval Bill. Please do not pass this bill, as it would be a crime against humanity to do so.

Regards,  
George Matthews.
