Subject: OBJECTION TO THE ABORTION LAW REFORM CURRENTLY BEFORE PARLIAMENT

To the parliament,

I am writing to voice my absolute disgust and strong objection the abortion law reform currently being put forward to parliament.

The aborting of unborn children at any stage of the pregnancy is nothing short of murder. We as a society do not condone murder in any form, we send those murderers to prison so why should we condone murder in the form of abortion.

I am speaking up for those who cannot speak for themselves.

Kind Regards,

Michael Chilcott
