Subject: Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016
Date: Monday, 27 June 2016 10:17:57 AM

Dear Committee

I have been told that the proposed abortion laws could give Queensland the **worst abortion laws in the Western world**. I see that Queensland has already made a name in the world for killing babies- "In Queensland there have been a total of 204 live births from late-term abortions from 2005 to 2015. Queensland Health confirmed that these babies are not cared for after their birth and are left to die in abortion centers." <https://www.lifesitenews.com/news/204-queensland-babies-were-born-alive-during-abortions-then-left-to-die>.

It's time this state if nothing else had a heart for these helpless babies. Please do away with this Bill for the rights of innocent human beings whom God has given His life to (Acts 17: 25, God's Word, The Bible).

Sincerely

Alan Bolin
