I wish to express my opposition to the abortion bill that has been put forward to the Queensland Parliament by Cairns MP Rob Pyne. I have read the Abortion Law Reform and am seriously alarmed to discover that the proposed bill removes all protection for the unborn child and offers no safeguards for that child. Neither does the reform show regards to the future psychological impact on the woman in that she with medical intervention has killed another human being. Medical and nursing staff may have to assist with procedures that are totally against their ethics and their desire to save lives and not to kill.

I ask for deep consideration for all involved.

Sincerely,

Jacqueline Carlyle
