Dear Members of Parliamentary Committee...

I stand for and the support/protection for all the lives of our citizens,  
including PRE-BIRTH LIVES...and...

\*\*I strongly support the Legal *status quo* whereby Abortion is illegal except in  
very RARE CIRCUMSTANCES where the physical life/health  
is under threat...and after extensive consultation between two or more doctors  
has taken place.

\*\*NO ONE HAS A RIGHT TO DESTROY LIVES...IN THIS CASE THE INNOCENT AND  
DEFENCELESS.(Take my Hand...not my Life!)

\*\*At conception,a new life begins in the womb...a life created for a plan...great  
potential...a national resource...the greatest!

\*\*The act of abortion at any stage,is the destruction of a precious life with such  
horrific pceedures....ABUSE AND VIOLENCE at its worst!

N.B.The truth is never told by media,leaders...but the issue is hidden under a  
facade of clouded statements.....Neither are post-abortion health problems...,  
trauma...guilt,lack of worth,depression,breast cancer,relational dysfunctionism,  
anger,etc.(I have list of Research/Authors(10) and their findings)

\*\*THE MOST IMPORTANT FUNCTION OF GOVERNMENT IN PARLIAMENT IS TO  
PROTECT LIVES.(Edmund Burke)

Therefore...every effort should be made to intensify the promotion of education/  
counselling programmes/facilities for youth & pregnant mothers/family support  
at ALL centres WHERE BIRTHING ISSUES are handled.

I ask in all sincerity...that you vote against the proposed Legislation to totally  
decriminalise Abortion...and thereby show your support of life!

Yours...for all of LIFE...for the good of all..and country...
