My name is Georgina North,

I am a mother of 4 children, although I've had 5 babies baby Morgan died at 18 weeks. My husband and I are against the push from local MPs to change the abortion laws. We do not want babies to be killed this is so wrong. Children are such a gift and they are not to murdered whilst in the womb or at any other time it's so very wrong. Please please don't allow this very wrong practice to be made law. Yours faithfully Georgina North
