To whom it may concern,

I am writing to plead with you to disallow any further move to increase abortions in this country and state.

Abortion is wrong under any circumstance. I am not speaking from a wowser point of view as a Christian but from the point of view of a reformed abortioneer. Perhaps you have not received submissions form anyone like me before , but I am asking that you do not allow abortion in particulare very late term abortion . This is murder both for the child and the parents.

Its is wrong.

Margaret Newcombe
