Dear Sir/Madam

re: Abortion Law Reform
Amendment Bill 2016

I would like to write regarding
the above bill.

Mr Rob Pipe introduced the bill
to remove abortion from the Criminal Code.
This would bring Queensland in line with
Victoria which has the most cruel and
inhumane and might I say murderous
abortions in the world. Why would
anyone want to murder a baby at any
time? There are so many people
wanting babies. Relax the red tape
that controls adoption and many
would be delighted.

Please rethink this bill and
leave the abortion as a criminal
act as it is.

Yours faithfully,

(hno)
