Subject: Rob Pyne"s Abortion Bill

To the Parliamentary Committee

Dear Committee

I ask you to please block this bill to legalise abortion in Queensland.

Unborn babies are human and alive and have just as much right to life as any humans do. Killing another person is classed as murder and killing an unborn child is just the same as killing a month old baby. They are fragile and cannot speak for themselves.

This bill tabled by Rob Pyne removes all protections and puts in no safeguards. A woman having an abortion may have many side effects because of it, one of these being mental health problems.

There are other options to abortion, adoption being one, that need to be considered.

Please carefully think about this bill and vote against it.

Yours sincerely
Valerie Williamson
