To Whom It May Concern

We are writing to you about the "Abortion Law Reform (Women's Rights To Choose) Amendment Bill' 2016

We are horrified that this 'Bill' will allow abortion up to the day of birth, of defenseless and voiceless unborn human beings. Using methods that make us cry and feel sick .....

We know that there has been recent research which confirms that unborn babies can feel pain as early as 20weeks gestation. How can this just be brushed aside

as 'insignificant' to these defenseless unable to 'speak for themselves' little human beings.

There are so many couples wanting to adopt babies, going through very expensive IVF programs to have a baby or adopting overseas. We go through so much

heartache with the birth of a premature baby and will do ALL that can be done to save this precious life and marvel at what can be done medically to save them .... then on

the other side of that we want to kill/abort these precious, defenseless babies right up to birth !! how can anyone live with their conscious, whether they are the Mother or Medical Staff.

It just makes the whole issue of this 'Amendment Bill' to be passed ..... a CRIME.

Yours Sincerely in Great Concern

Grady & Piety Morley
