Subject: Abortion law reform ammendment
Date: Monday, 27 June 2016 10:13:21 PM

I personally am against abortion law reform as proposed as I believe it is criminal to abort babies who are capable of living and leave them to die unattended. I believe that an adoption policy should be implemented on agreement with the mother. This would provide babies for the thousands of parents who can't have children.
Yours sincerely John Belesky
