Hi there

As a mother of 2 and grandmother of 2 and youth worker of 20 years I violently disagree with this bill.

The greatest victim that has not had a voice is the children. The second quiet voice are the intimidated and traumatised mums

I can no longer be silent and say nothing. I am disgusted that my electorate in Cairns has spawned this horrific bill. I certainly as a voter never gave validity or credence to this. Rob Pyne did not ask his electorate our opinion. He has put this up without our request or consultation

I have given my voice of NO on behalf of many others who asked me to write as they feel powerless or less articulate.

Rip this bill up!

Let our babies live.

And our woman feel more supported to say YES to having their children live.

Melissa.
