Greetings

I am asking that you do not change the abortion law as is presently being proposed.

- Surely you can see that to kill a baby just before the child is born is an act of stunning barbarism.
- Please consider that the unborn has a right to life.
- I am keep our church informed about the issues and hear constantly dismay about the trend on both sides of politics to disregard the value of the not born yet human beings.

Please be there for ALL Queenslanders, born or unborn.

Kind regards
Pastor Dave Powell
