To whom it may concern:

I would like to state that I oppose the the bill that has been tabled by Mr Pyne before Parliament.

We already have laws in place to protect women who need to have abortions for serious life threatening issues. This Bill removes all protections and puts in no safeguards.

I find it absolutely abhorrent that a civilised society could consider abortion on demand and late abortions when a child is fully developed and can live outside the womb.

How can a Bill like this be in agreement with the Hippocratic oaths that doctors take? This Bill will work against the consciences of many nurses and doctors.

If a child is born alive after a saline abortion will it be left to die? Let this be on your own conscience.

I believe this will be to the detriment of our society. I stand for the right of the child. Women are entitled to the right over their own bodies. The Baby she carries has the right to live as well.

Please consider carefully.

Kind Regards,

Rozana Wright
