Att:

Research Director, Health, Communities, Disability Services and Domestic and Family Violence Prevention Committee

I am writing about the abortion bill that has been put forward by Cairns MP Rob Pyne.

My submission as a woman and mother of 3 beautiful boys is that I strongly oppose the bill before parliament as it removes all protections and puts in no safeguards! Mr Pyne has tabled a bill that will give Queensland the worse abortion laws in the world

I am personally disgusted in the **current abortion** laws in Queensland – especially that we let late term abortion go ahead. And after watching Q&A to the Prime Minister – 27 babies aged five months gestation or more SURVIVED abortion in our QLD hospitals last year (the highest number in 10 years!!!!)...but each of these babies were **not rendered care and allowed to DIE**. How on earth is that any different to murder and acceptable to any LIVING human being who had the privilege of being BORN – astounds me.

Please please please do not allow this barbaric act to continue. Our country runs at great risk of judgement from God if we continue to turn our backs on His commandments "though shall not commit murder" is one of them.... The ruins of the ancient city Sodom and Gomorah is proof that God will not put up with mens sinful nature.

I am a Queensland resident and I am alive – unlike these poor babies who are murdered in the womb

I hope this is able to be put forward to the review committee

Warm Regards,
Penne Lamb
