Subject: Abortion Law Reform Amendment Bill 2016. Inquiry into laws governing termination of pregnancy in Queensland
Date: Tuesday, 28 June 2016 1:14:24 PM

Dear Committee,

Please accept my submission to the inquiry.

I request the committee strongly vote against Cairns MP Rob Pyne's Abortion Law Reform Amendment Bill 2016.

HOW LOW CAN AUSTRALIA GO?

Let's project these preposterous ideas ahead a few years if this proposed law of murder is passed. IF a baby is "just tissue & a woman can do what she wants with her body" then why not have hundreds of nice professional clinics around the state where we can 'abort' - say, up to one-year-old children??!? After all you must admit (most) children get to a point pretty soon after they are born when they interfere with their mother's lifestyle even more after they are born than when they were (alive) in the womb. If a mother has the idea that HER health & well being (sanity) are on the verge of ruin because of her painfully frustrating 1yr old, why not just take him/her to one of these nice clinics & quietly have him/her put to sleep for ever? She can then easily return home without her child, throw out his/her toys & things, then simply forget her child ever existed, & get on with her stress free lifestyle?

THINK ABOUT IT!!! We, as a nation (after QLD has passed it, other states will follow) are getting further away from the basic laws we need & were founded on. Members of Parliament, please do not bring down the wrath of Almighty God upon us. He gave us 10 simple laws among which is "Thou shalt not kill".

How far will this go? I hate to think, but this I do know:
BE NOT DECEIVED; GOD IS NOT MOCKED: FOR WHATSOEVER A MAN SOWETH,
THAT SHALL HE ALSO REAP. GALATIANS 6:7 KJV Bible

Kind Regards,
