Subject: Objection to Changes in Abortion Law
Date: Tuesday, 28 June 2016 2:11:17 PM

To Who it May Concern.

I wish to register my strong objection to any changes to this Bill.

Babies are an asset to our nation and in view of many people who wish to adopt a child, allowing more lax criteria for abortion would be a travesty.

There are welfare organizations that will support mothers who feel their only choice is to abort and save them the regret in later life.

Yours faithfully,

Judith Staggs
