To the Queensland Government

We, Graeme Leslie Bourke and Charmaine Noel Bourke, wish to register a complaint of our disgust, appal and disappointment, firstly, that one member, is able to represent them self, by presenting a ludicrous bill to Government for debate; and secondly, at the content of this full time abortion bill which has come up before you for debate.

We are fed up with spending our valuable time writing and signing petitions to fight this type of back door political decision making.

Sincerely yours

Graeme Bourke and Charmaine Bourke

Sincerely yours
