Dear Sir/Madam,

Please let it be known that I am very, very opposed to the 'reforms' proposed by Mr Pyne that are before a parliamentary committee.

I am opposed to all abortions, and these proposed reforms are particularly heinous. I totally disagree that the sections that this bill proposes to remove are 'archaic, outdated and have no place in a modern, liberal democracy'.

Babies are our most precious resource. With this 'reform', the most dangerous place for a baby in the state of Queensland will be a mother's womb!

Sincerely,
