Dear Sirs,

I am writing to you as a Queenslander to state in the strongest possible terms my opposition to the abortion law reform proposed by Rob Pyne.

A review of the growing body of research and plentiful anecdotal evidence demonstrates the deeply harmful nature of abortion to a women's health be it mental, emotional, physical and spiritual over the ensuing years post abortion.

I believe all human life is from God, we are created in His image with immense worth and dignity equally at the point of conception or at life's end.

To intervene and to kill a baby in the womb at any stage is legislated murder. It is abhorrent and sickening to me to even contemplate such an appalling deed. Since when does a 'civilised' society that should protect its most vulnerable members begin to consider extending its freedoms to kill fully grown babies in the womb.

This is a crime and I urge you in the strongest possible terms to please cherish the life of each unborn child and say NO to this dreadful reform.

Thank you for your consideration,
Yours sincerely,
Mrs Jayne Moore
