I, Shaun Gary Andrews of _____, telephone number _____, hereby wish to register my absolute horror and opposition to the proposed changes to the abortion laws in Queensland!

I implore you to vigorously oppose this Bill and I sincerely hope that it is not passed. For a couple that have not been able to have children after 6 years of trying, the thought of a bill like this legalising murder is deplorable!

Do you think that any of these woman that are so pro-abortion and choice would personally and physically kill their babies at full term if the law required them to physically do it themselves? It's very easy to ask someone else i.e. the doctor, to do it for them, but the majority of these woman would never be able to do it themselves if required to.
