Subject: Submission re : Abortion Law Reform Amendment Bill
Date: Wednesday, 29 June 2016 8:27:02 PM

We believe the Abortion Law Reform Amendment Bill 2016 that is before the Queensland Parliament is contrary to a modern civilized society which seeks to protect vulnerable human life. This Bill will have the effect of promoting more termination of human life and with no limitation on gestational age, this bill will effectively enable more late term abortions. We believe late term abortions are barbaric and are a form of infanticide.

Regards
