Subject: Submission - Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016
Date: Wednesday, 29 June 2016 9:00:50 PM

Dear Sir/Madam,

Abortion takes a life and damages another. The physical and psychological affects of abortion on women are well documented and should be reason in and of itself to reject this bill. You will find in the community plenty of support to help women through a pregnancy and support her afterwards. You will not find support for introducing a law that will make it even easier to hurt women. You will not find support for a law that does not address the real reason why women seek abortions. You will not find support for a law that could end up forcing doctors to perform abortions against their beliefs.

This law will allow babies to killed right up to the moment of their birth - how on earth can anyone think that this appropriate?

Thanks.

Kind regards,

Adrian Gunton.
