Dear Sir/ Madam,

I find it absolutely impossible to believe that any human being has such a lack of conscience and feeling to be able to introduce a bill such as this to our State parliament. How could anyone allow our unborn children to be killed right up to the moment of birth. This is murder. If the mother does not wish to keep the baby, there are many in our community who would take the baby and care for it as their own.

There is overwhelming community opposition to changing the law. Abortion should never be a solution as all I have read shows the tremendous physical and psychological effects of abortion at any stage on women. There are also many cases where the man suffers deeply too.

Thanking you for your attention to this serious matter.

Your sincerely Ann Bishop

ANN ELIZABETH BISHOP
