Dear Committee,

Re: Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016

I wish to oppose the bill introduced by Rob Pyne MP for many reasons.

1. Being that these bills do not consider the fathers rights , only the mothers "right to choose".
2. In Victoria late term abortions have increased since decriminalisation so it is a myth that late term abortions wont increase in QLD if these bills are passed.
3. Our population is an ageing population, we need these babies for the economic future of our country.
4. I believe a life is a life, If the mother is unable to take care of the baby, then there are adoption options available. Which is also a point as adoption of local babies is virtually non existent, and I believe this is because of abortions.
5. I believe the actual act of completeing an abortion is violent, and destructive. How did killing ever become a solution to a problem?

Yours Faithfully,

Ingrid Manslev
