To whom it may concern,

I would like to register my strong opposition to the bill before parliament which removes all protections, and puts in no safeguards, around the most vulnerable in society, those who have no voice of their own, our unborn children.

At this time of scientific & medical enlightenment the reality of the horrors of the abortion procedure, the pain afflicted on the unborn child as well as the ongoing psychological consequences for the mother (& very often the father as well) is widely understood.

I am horrified to learn that rather than reform our laws to protect the innocent, a bill has been presented that has the potential to cause even more pain.

Please don't allow this evil bill to pass an more liberal law that will have devastating consequences for so many.

Yours respectfully,

Sharon Stoodley
