I am writing this email to express my view on changing Queensland abortion law. I strongly oppose any change to the existing law. As a former theatre nurse, I was traumatised by participating in the termination of pregnancy theatre lists in NSW in the mid 1970s. I was a trainee nurse, still a teenager and I dropped the suction jar on the way to emptying it. I will never forget those tiny broken pieces of human parts! Abortion affects medical staff as well as the women and their families. My family includes a grandchild with Down Syndrome and is enriched by her existence. Every human life is a precious gift and should be protected.

Yours sincerely
