I am personally very concerned about the Abortion Law Reform (Women's Right to Choose) Amendment Bill 2016 and Inquiry into laws governing termination of pregnancy in Queensland.

There is already enough abortions in Queensland without this bill. Women are hurting from abortions. My best friend from school had an abortion and suffered from severe depression afterwards for over a year. She still regrets it 20 years later. There are many couples wanting to adopt but so few babies are available for adoption.

Kind regards,
