Re: There is no going back, Kate Jones!

Dear QLD Health Committee,

Sex change operations are irreversible. The QLD government's new transgender law means that doctors will be forced to support their patient's request for a sex change, no matter how young or old the patient is. This is not acceptable.

If you support this law, you will be responsible for leaving countless boys and girls unable to ever have children. You will be responsible for countless women who will never be able to breastfeed. Stop pushing an agenda that is not acceptable to the majority of voters.

The consequences of this bill are permanent and irreversible.

Please, reject this dangerous new law.

Sincerely,

Jill Hall

Sincerely,
Jill Hall
