Hi

Re the above Bill I wish to convey my revulsion of the Bill because.

1. It seeks to murder defenceless children
2. It seeks to involve and pressure medical professionals who have the belief in life for all and in their profession do everything to enhance life.
3. I believe that the preservation of life and the quality of life from the moment of conception until the fullest term of life is achieved is one of the highest forms of human achievement.

Please don't kill defenceless babies.
