Dear Sir, Madam,

I oppose the proposed 2nd Pyne Abortion Bill which is to be presented to the Queensland Parliament.

My opposition is based on the objection that;

- a. current Queensland legislation allows necessary and 'life' saving abortion operations where deemed essential as determined by suitably qualified health professionals.
- b. as a Christian I hold that all life is sacred, from the moment of conception, and should be treated as such in 'all' decisions affecting 'life', especially making the ending of a life in an abortion a last option.

I, therefore, ask the Committee to reject/oppose the 2nd Pyne Abortion Law Reform Bill.

Kind regards,

Rev. Keith Harris, DipEE, ADipTh, BTh.
