Subject: Re: Re Pyne Abortion Law Reforms

Dear Committee

From your email I see you are called the Domestic and Family Violence Prevention Committee.

This is an absurdity that the ultimate violent attack on weak defense life can be considered through not just abortion of those just conceived, but the proposed up to full term abortions.

Have you forgotten the abhorrent and sickening photo on the front page of The Australian in 2014 of the 7 yr old child of ISIS fighters holding the head of a beheaded Syrian?

[REDACTED]

Yet our Qld parliament is considering the same hacking to death of unborn babies by the same barbaric procedures ISIS use and call this a health issue to be funded by Medicare. It is no less as in both instances a person is dismembered.

If you condone this Bill, you condone violence in the family because you willingly turn a blind eye to babies in their mother's womb being murdered. This is a violent and vile attack on the family with no defense mechanism except you on the Committee holding their life in your hands potentially condemning them to a violent death.

I would suggest you review this ad by Elovit to see why the health industry is there to support women who fall pregnant, because it is a baby from conception. Anything else is a play on words to justify murder.

[REDACTED]

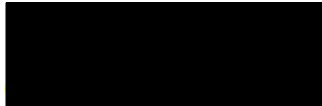

[REDACTED]

Do the right thing and reject this preposterous Bill

regards

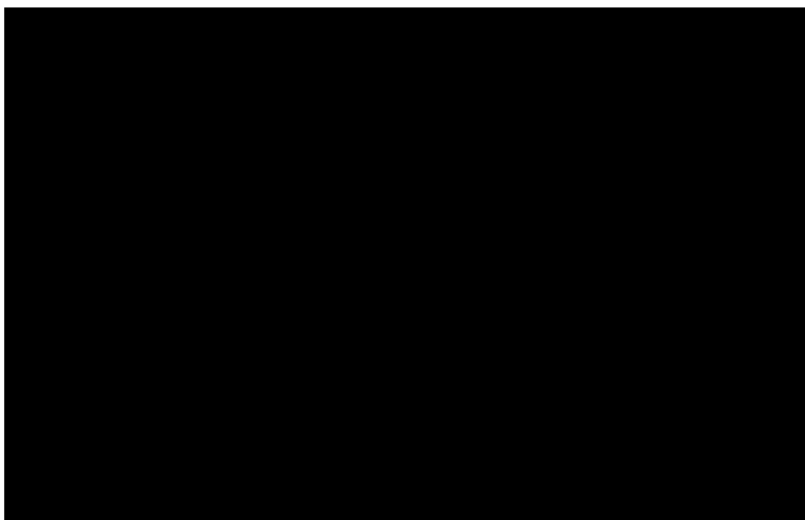

Paul Swan

Subject: Re Pyne Abortion Law Reforms

To The Health Committee

Please reject this Bill as this Bill does NOT meet the needs of the State of Qld. It is beyond reason that we can in one ward have Qld doctors operate to save the life of a 24week old in utero baby [Brisbane doctors perform surgery on fetus diagnosed with spina bifida](#) and yet in another ward this proposed Bill can legislate to kill the same baby up to or near full term. It is gross reflection on our society to see that MP's can even table legislation like this and that Committee's even need to be formed to consider it. Here our society condemns acts that ISIS do take innocent life and here is a Bill to take innocent life. Here our society condemns the scourge of suicide and another then proposes to re-enact euthanasia to encourage suicide. Do the right thing and protect life and oppose this Bill lest every innocent life be on your consciences.

Queensland doctors perform Australia's first surgery on a baby diagnosed with spina bifida while it was stil...

Regards

Paul Swan
