Subject: Pine Abortion Law Reform
Date: Wednesday, 28 September 2016 12:06:02 PM

Dear Queensland Parliament members,

Righteousness exalts a nation: but sin is a reproach to any people. (Proverbs 14:34)

*Why should an innocent child have to give their life for two other peoples mistakes?
If you are not ready for the responsibility then don't take the risk. We believe that abortion is murder.*

If you are mature and responsible enough to make the decision and take the risk, then you should be mature enough to accept the consequences and at least try to give the child the best life possible. Abortion is simply selfish.

*We think that you are taking life from something that deserves a chance and a right to live.
The second that the sperm meets the egg there is a chance for life and it should be treated as a live child from that point on.*

MORE concern is shown in the media to the slaughter of whales, a rescued joey or an injured koala (and so we should), but babies are disposable?? There are plenty of childless couples who would love to adopt, so WHY condone abortion?

*We are pro-life and believe **abortion is unethical, immoral, and lastly but not least, murder!!***

Yours Sincerely

Mr Alan & Mrs Marion Gray - [REDACTED]
