Subject: Opposition to Abortion Bill
Date: Wednesday, 28 September 2016 1:18:50 PM

Health Committee.

Dear Members, I wish to state my strong opposition to Mr Rob Pyne's proposed bill concerning abortion as it violates all moral & ethical conduct upon which our Australian society has been established. It is effectively the murder of a newly born child and the effects of this on the mother of the aborted baby - whether she is cognisant of it at the time or she comes to that realisation later on in her life - will cause great devastation mentally & emotionally to know that she agreed to the ending of life of her own child. The anguish this mother experiences as a result of the abortion is well documented if the committee would seek to investigate research already existing in this area. Due to the counselling & support such a woman would need there would also be a significant financial cost to the Government Health Services. It behoves this committee therefore to reject Rob Pyne's bill completely & to reject its presentation at another point in time.

Yours faithfully,

Patricia Bosel
