I am expressing my deepest concern about the horrendous abortion bill that Mr Pyne has put together and others who support him. To kill an unborn for no reason at any time of pregnancy is simple murder. There would be extreme cases where mothers health would be threatened, so these cases would have to be DELIBERATED BETWEEN PROFESSIONAL DOCTORS not some nontrained person who happened to be in politics.
PLEASE, THIS NEW TYPE OF HOLOCOST MUST BE STOPPED NOW... if not then expect more wickedness be demanded to be made law.
