Dear Health Committee

I am writing to you formally to request you to reject the 2nd Pyne Abortion Bill.

This bill is abhorrent in its totality as it seeks to destroy the life of an innocent and defenceless person.

I am a father of three children and know first hand that every child deserves love, support and protection.

This bill is sick, and makes it possible, for babies who could live a healthy life to be terminated. I cannot comprehend the evil that underlines this Bill, and believe it is your responsibility to protect first those who cannot protect themselves, and that is the foetus. We were all a foetus once.
