Dear Health Committee

I ask that you absolutely oppose and reject both of the abortion bills which have been proposed by Mr Pyne. It is unthinkable to pass legislation which approves and allows abortion to full term. As I understand it, babies are classed as viable from 25 weeks. It is completely unethical to permit anyone to take the life of an unborn child. I am also very concerned as to the effect of such an abortion on the mother (and possibly the father). One must ask if anyone could endure such an experience and not suffer considerable mentally and emotionally. Surely this is also a cost which must be considered but, likely cannot be fully estimated. I urge you to be a voice for the voiceless and protect the lives of these unborn but otherwise completely viable and healthy little human beings and their mothers (and fathers) by rejecting this terrible legislation.

With respect
Tracey Woodland
