**Importance:** High

---

Dear Sir/Madam,

I am writing to request that you reject the amended Abortion Bill proposed by Rob Pyne.

The fact that the media is trying to convince us that a civilised society is one where they can sacrifice their children on the altar of self-comfort and deftly discount the thousands of innocent lives murdered every year through ILLEGAL abortions as insignificant, is a poor reflection on our society.

Please remember that the child in the womb is human, and deserving of human rights.

The amended bill proposes that the "Benefits of Bill: The Bill will repeal outdated laws that can criminalise women and doctors for a basic human right and a medical procedure."

However, if you look up the 'basic human rights' [REDACTED]

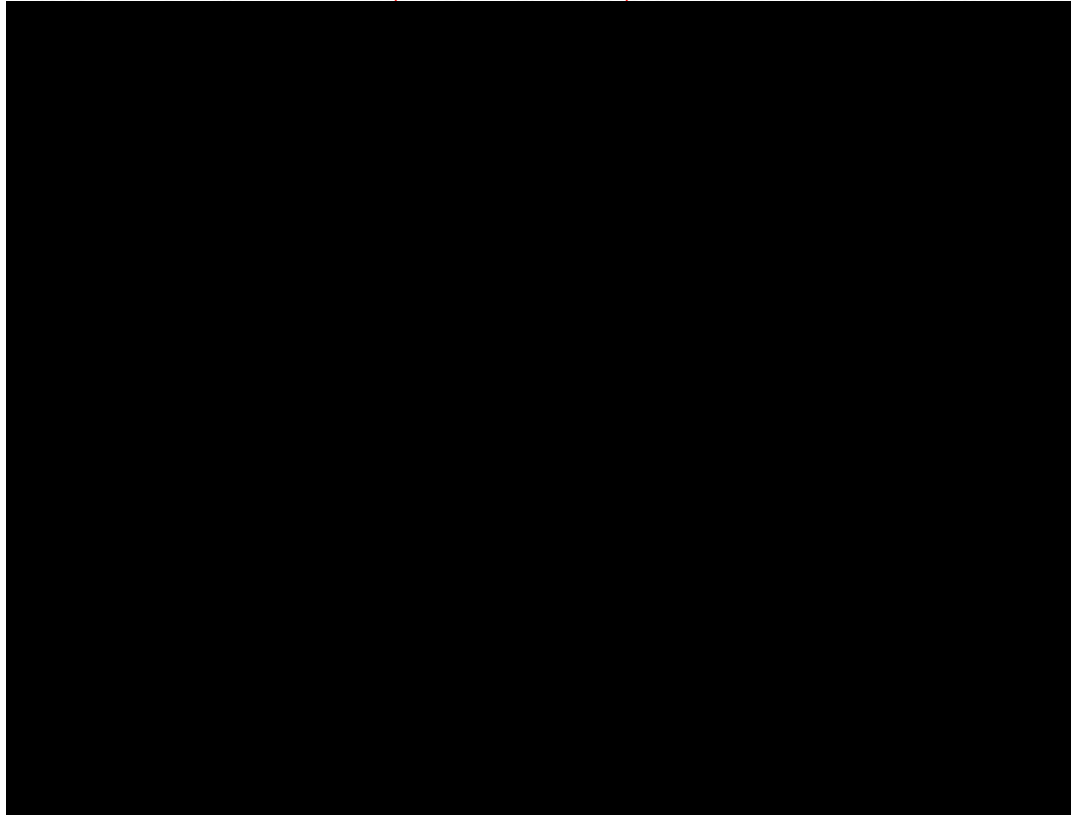

[REDACTED] - it's foundational articles are, in particular relating to abortion topics:

**Article 3.** Everyone has the right to life, liberty and security of person.

**Article 5.** No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment.

**Article 6.** Everyone has the right to recognition everywhere as a person before the law. Nowhere could I find in the 'universal human rights' the right to murder another human being, whether in or out of the womb.

When a human egg is fertilized by a human sperm, they create a human baby/offspring – that offspring – whether inside or outside the womb – is human. When a baby/fetus/embryo is aborted/murdered they are DENIED their basic human right to life, DENIED their basic human right to not be subjected to torture or cruel, inhuman or degrading treatment (see image outlining a basic abortion procedure, which is clearly tortuous, cruel and inhuman treatment) and this proposed bill is DENYING these humans/babies/foetuses the right to recognition as a person before the law.

Please act to preserve a baby's basic human right – the right to life.

Yours sincerely,

Melanie Newbery
