Dear committee members

I urge you to oppose the current changes to the abortion bill as proposed by Mr Pyne.

I do not understand how anyone could want to kill babies, no matter what age. If someone gets pregnant and does not want the baby why not keep the baby alive and put it up for adoption. I know a lot of people who cannot have a baby and want to adopt and have even tried to get a baby from overseas.

Please say no to these proposed changes.

Barry Krueger
