To The Health Committee

This email is to inform you that I reject the Late Term Abortion Bill that is has been tabled. I believe that the unborn child's right to life must be supported. People are Australia's greatest resource, it goes against every law of nature to kill new life waiting to be born.

Our nation penalizes people for cruelty to animals and yet this Bill would permit horrendous cruelty and murder of human lives. Let us recognize and value our nations greatest resource.

It is possible to support women through an unwanted pregnancy, to adopt unwanted children to families who lovingly welcome them and to return to a normal life after a pregnancy and birth. It is not possible to ring a bring a dead baby back to life after a late term abortion.

Sincerely

Deborah van Bennekom
